

Head of Technical, Innovation & Climate
Hours of work: 37 hours per week
Location: St Asaph/Flexible
Salary: £55,000 - £67,674 dependant on experience

At ClwydAlyn we put people at the heart of our business! We are on an exciting journey which will see us continue to implement our business plan focused on tackling poverty across North Wales where we provide our homes and services.

This is an exciting opportunity for someone to lead our Environmental Vision in a newly created Senior Leadership role. You will be an inspiring leader and able to provide specialist technical advice, enabling the delivery of ClwydAlyn's Environmental Strategy.

Working with a range of stakeholders, you'll lead on all aspects of innovation and be responsible for driving ClwydAlyn's carbon reduction strategy for our existing homes, whilst also leading on all technical and climate aspects of our ground-breaking low carbon new development programme.

What are we looking for?

You are driven by your values, and you want to work for a company and cause that you believe in.

You like to work collaboratively and will enjoy working in a fast-paced environment. You will be experienced in understanding new technology to build innovative, low carbon new homes, and retrofit existing homes. You will have an understanding and proven experience of PAS 2035 surveying techniques.

You have an ability to think and plan strategically. You are good at analysing and solving complex problems and can present and deliver workable solutions.

You will be experienced in building positive relations in public, private and political circles, and have a knack for spotting and maximising new opportunities.

What we offer you?

With a great range of benefits which include 30 days annual leave (plus bank holidays), holiday buy and sell, life assurance, matched pension contributions, family friendly working arrangements, Employee Assistance Programme and a range of voluntary benefits. We are a fantastic organisation to work for with great opportunities for career development.
